CHILSON'S Standard Cone Furnace.

Special attention is directed to the important improvements made in 1875 in my well known STANDARD CONE FURNACE, including my ANTI-CLINKER GRATE, the most important improvement ever made for removing clinkers and keeping a CONTINUOUS FIRE, also ensuring a large SAVING IN FUEL. It also simplifies and lessens the work of attending the furnace. This celebrated furnace has had no rival since its first introduction, and with the improvements of 1875 it will be more appreciated than ever before. From the day this Furnace was introduced into the market the demand for it has been constantly increasing, until there were about thirty thousand in use before the improvements of 1875 were made. Sizes adapted to all classes of buildings.

This Furnace has received *two* GOLD and several SILVER MEDALS, first premiums, and the only Gold Medal ever awarded to any furnace in Massachusetts. *Set either in brick-work, or portables in double sheet-iron casings.*

With this full line of Wrought and Cast-Iron Furnaces, I am able to offer inducements to purchasers of furnaces which cannot fail to give perfect satisfaction both as to quality and price.

Also, my ARLINGTON BRICK-SET COOKING RANGE, with all the new and best improvements. This is the most substantial and splendid Range ever seen in any kitchen.

— ALSO, —

COOKING AND PARLOR STOVES, GRATES, ETC.

Special attention given to Putting Up Furnaces and Ranges in any part of the country.

NOTHING BUT WHAT IS STRICTLY FIRST-CLASS WORK IS MANUFACTURED BY ME.

CHILSON'S Wrought or Plate-Iron Furnace. 1876, THE CENTENNIAL.

This superb Furnace will show the greatest improvements yet made in Wrought or Plate-Iron Furnaces, including CHILSON'S ANTI-CLINKER GRATE, decidedly the best plan ever seen for removing clinkers and keeping a continuous fire, ensures a large SAVING IN FUEL, and simplifies and lessens the work of attending the Furnace. It has my Sifting Grate, which moves on rollers and dumps. It will show at a glance the most beautiful mechanical style and superior workmanship ever seen in a wrought-iron furnace. The wrought-iron I have made to order of the best quality of stock. They are warranted gas-tight. Forty years of thorough practical and mechanical experience in the invention and manufacturing of furnaces in their various forms of wrought and cast iron, enables me to know how a furnace should be made to accomplish the best results, give the purchaser perfect satisfaction, and save the money which is frequently worse than thrown away on furnaces got up by those having no mechanical skill or practical knowledge of the business. Sizes suited to all classes of buildings, SET EITHER IN BRICK-WORK, OR PORTABLES IN DOUBLE SHEET IRON CASING.

CHILSON'S ENTIRELY NEW AND GREATLY IMPROVED PORTABLE RANGE, The Arlington, 1875.

HOUSEKEEPERS, be sure to see this splendid RANGE, which has been got up in the highest style of my well known first class work.

THE BROILING DOOR AND MEAT-PAN-SHELF will be appreciated for NICE BROILING. Do not be satisfied until you have seen the ARLINGTON OF 1875, and try it.

A CARD.

In 1840 James M. Patten issued the first number of the New Haven City Directory. In 1844-45 the subscriber printed the Directory; and in 1846, having purchased of Mr. Patten his right and title to the same, commenced its publication, and has continued it, uninterruptedly, to the present time,—in all thirty years. On account of ill health, and other circumstances of a personal character, in the month of January last, for a valuable consideration, the right to the publication was sold and transferred to MESSRS. PRICE, LEE & Co., by whom the work will hereafter be published. These gentlemen have had considerable experience in Directory publication, and I cheerfully recommend them to the favorable consideration of my fellow citizens, trusting they will receive as generous support as has always been extended to myself. During the long time of its publication it has been the aim of the publisher to give the citizens of New Haven a correct and acceptable Directory. How well this aim has been accomplished is left to the decision of others. To the many kind friends who have cheered and assisted me in my long service (and particularly to my old friend and assistant, Geo. R. Bill, Esq.), and to my numerous old advertisers and patrons, I return my grateful acknowledgments.

Respectfully,

NEW HAVEN, June, 1876.

J. H. BENHAM.

INTRODUCTORY.

We take pleasure in offering to the citizens the present edition of the NEW HAVEN CITY DIRECTORY. We have given its preparation our personal supervision, and though some errors will be found, we are confident that the information it contains is as reliable as that of any other Directory of its size. We have made some changes in its style, but such only as we think will meet with the approval of all.

In years past it has been customary to mention such enterprises as were of magnitude sufficient to command public attention; but at this time our space is limited, and we can but briefly notice a few.

The Street Department of the city have nearly completed the extensive system of sewers on which they have been at work during the past five years; and we can say truthfully that there is not a city in America, of the size of New Haven, that is better drained.

The Consolidated Railroad Company have fitted up the Old Depot for a City Market. It was opened about May 1st, and such has been the success of the enterprise that every stall is occupied, and there is a demand for more.

Owing to the reduction of rents, and the price of provisions, the cost of living in New Haven is less than in most cities. This fact, together with the low price of labor and material, has created unusual activity in building, especially in the line of private residences.

Yale College continues to show evidences of prosperity. One wing (the north) of the Peabody Museum, corner of Elm and High streets, is finished and occupied. We are informed that the centre and south wing will not be commenced for some time.

On June 18th, the elegant and substantial new chapel for the Academic department of the College was dedicated. It is situated on the corner of Elm and College streets, facing the College grounds. "Battell" Chapel is the name given it, in honor of Robbins Battell, of this State.

In conclusion, we thank those business men who have favored us with their patronage, and those who have assisted us in our labor by giving correct information.

Respectfully Yours,

PRICE, LEE & CO.

INSTRUCTIONS TO KEY HOLDERS.

1. On the breaking out of a fire, notice should be immediately communicated to the nearest Alarm Box, Keys of which are always in the hands of the Police, and responsible persons in the vicinity of the boxes.
2. Key holders, upon the discovery or positive information of a fire, will unlock the box, pull down the slide or hook once, and let go. This gives the desired alarm all over the city, repeating itself five times.
3. All persons giving fire alarms are requested to remain by the box a moment, and if no clicking is heard in the box, pull again; if you still hear no clicking, go to the next nearest box and give the alarm from that.
4. Never signal for a fire seen at a distance. Never touch the hook except to give an alarm of fire. Be sure the box is locked before leaving it. Give an alarm for no cause other than an actual fire. Do not give an alarm for a chimney.
5. Owners and occupants of buildings are requested to inform themselves of the location of the signal boxes near their property, also the places where the keys are kept. Be sure the alarm is properly given. One single stroke of the Alarm Bell and Engine House Gong is not given for an alarm of fire.
6. Alarms will be sounded on the Fire Bells thus: For box 5, five strokes, 1-1-1-1-1, with short intervals and repeating. For box 32,

the strokes, 1-1-1, a pause, then two strokes 1-1, a pause, and repeating. Alarms for other numbers are given in a like manner.

7. Ten successive strokes upon the Alarm Bells will be given as a signal for calling out the whole Fire Department.

CAUTION.—Never pull the hook while the Alarm Bells or the Gong in the box are striking. JAMES A. WILKINSON, Sup't.

Collegiate and Commercial Institute,

Nos. 15 and 17 Wooster Place.

The regular course in the department preparatory to Yale College, occupies three years; but full opportunity is allowed to those who can prepare more rapidly. There are special courses arranged for those who are to enter the Scientific Schools, and for those who are to follow business pursuits. Parents will find, in the instruction given in Military Drilling, Gymnastics, Swimming, etc., and in the ample grounds for out-door games, under careful supervision, just the advantages for physical training and vigor, which boys in cities need. The Boarding Department is designed for pupils who do not reside with near relatives in New Haven, and to secure to them those family advantages, and that paternal care and moral and religious discipline which their age so obviously demands.

OFFICERS AND TEACHERS.

WILLIAM H. RUSSELL, A. M., Principal and Instructor in History, Ethics Latin and Mental Science.

George H. Larned, Secretary, and Instructor in English and Mathematics.

Major William H. Stowe, Teacher in English, Mathematics, Book-keeping, and Military Drilling.

Prof. François Turner De Bussy, Teacher in Modern Languages.

Gustav Schaus, Teacher in Modern Languages, Music and Drawing.

Talcott H. Russell, A. M., Teacher in Commercial Law.

Thomas H. Russell, M. D., Teacher in Natural Science.

C. P. Howland, A. B., Teacher in Greek, Latin, Mathematics and English Language.

Frank J. Lowe, Teacher in English and Mathematics.

Edward H. Russell, Assistant Teacher.

R. C. Loveridge, Teacher in Penmanship.

Joseph A. Griffin, A. B., Teacher in Latin, English, Mathematics and Geography.

Edgar B. Nichols, Teacher in English and Mathematics.

— — — Teacher in Gymnastics.

Hopkins Grammar School,

Corner High and Wall Streets.

Trustees—Henry White; Theodore D. Woolsey; Eli Whitney Blake; Thomas A. Thacher, Professor of Latin in Yale College; Henry C. Kingsley, Treasurer of Yale College; Alexander C. Twining; Simeon E. Baldwin.

The school was established in the year 1660.

Its chief design is to prepare boys and young men for the Classical and Scientific Departments of Yale College.

For those living in New Haven and vicinity the best time of entering is at the age of eleven or twelve.

The number of teachers is large. The course of study embraces not only the Latin, Greek and Mathematics required for admission to College, but all the common English branches; and in both of these departments the instruction is most thorough.

The terms and vacations are the same as those of the College.

Further information concerning the school can be gained by calling for circulars at the bookstores of Thomas H. Pease and Judd & White or by applying to

WILLIAM L. CUSHING, B. A., *Rector.*

GUSTAVE J. STOECKEL'S CONSERVATORY OF MUSIC.

137 York Street, New Haven, Conn.

PIANO, ORGAN, VOCAL CULTURE AND COMPOSITION are taught with a view of preparing scholars for teaching. Hence the course of instruction is conducted according to the most approved methods of the Conservatories of Leipzig and Stuttgart, in a systematic, thorough and complete manner.

Organ scholars can have the privilege of practising upon a Two-Manual Organ, and every scholar who has completed a course of instruction in any one branch is entitled to a Diploma.

GUSTAVE J. STOECKEL, Director.

EXTRACTS FROM CITY BY-LAWS.

PUBLIC CONVEYANCES.

No hack or other vehicle, whether on wheels or runners, drawn by animal power, shall be used or employed to convey any person from place to place in said city, for hire, and no baggage wagon, express wagon, cart, dray, truck or other vehicle, whether on wheels or runners, shall be used or employed to convey any baggage, goods, wares, merchandise, freight or materials from place to place in said city, for hire, unless in accordance with these ordinances, nor unless under authority of, and pursuant to a license, for such vehicle, and for each driver thereof, as provided in this ordinance, and in the ordinance concerning licenses and permits.

Every such vehicle shall have the number of such license in figures in the Arabic character, of not less than one inch in size, with light figures on a dark ground, or dark figures on a light ground, at all times fastened or painted on the outside and on each side of the vehicle, in a manner approved by chief of police, and so as to be distinctly seen and easily read by passengers in the street.

Every vehicle for carrying passengers, for hire, shall at all times have conspicuously posted on the inside, in a manner approved by said chief, and so as to be easily seen and read by passengers, a card containing the name of the owner, the number of the license, and a tariff of the rates of such vehicle.

Every such driver shall at all times when employed, or seeking employment for such vehicle, wear the number of his license conspicuously on his person, in a manner directed by said chief; and he shall give, to any one requiring it, his name and number, and the name and residence of the owner of the vehicle which he drives, and exhibit a tariff of fares prescribed therefor.

MANUFACTURERS OF THE PATENT IMPROVED
SAFETY THILL HOLD-BACK.

The most useful of all patents for any one who owns a wagon or carriage. Once used and you will have it on every carriage. No more winding straps around the shaft and buckling. Should the horse run and break the whiffletree or traces he is at once free. You can harness and un-harness in one half the time with the Patent Safety Hold - Back. It is adjustable, and can be attached to any carriage, wagon or truck.

It is SAFE, CHEAP, USEFUL, ORNAMENTAL and DURABLE. IT WILL LAST for YEARS.

We manufacture two sizes, for light and heavy carriages. Gold and Nickel Plated, and Japanned. State, County and Town rights for sale. Agents wanted in every town.

We are also sole agents in the United States for the sale of
Muzzy & Nelson's Patent Adjustable Blind Slat Lock.

BOSTON & NEW YORK AIR LINE R. R.

This Road has been thoroughly and substantially completed; the wooden trestle bridges replaced with

IRON BRIDGES

and earth embankments, the road bed well ballasted and a large portion of the track relaid with

STEEL RAILS.

A large amount of new rolling stock, consisting of Locomotives, Passenger Cars, and freight cars, built expressly for this line, and second to none in New England, has been added to the equipment; and many other improvements made to make the Road first class in every respect.

Passenger trains leave New Haven, from the new depot, for Willimantic, Norwich, Putnam, Worcester, Blackstone and Boston.

Freight taken and through rates given to all of the above named points; also for Fitchburg, Nashua, Portland, Me., and the North and East.

HOISTING MACHINERY.

ARCHITECTS AND BUILDERS are especially solicited to investigate the distinguishing features of our

SAFETY APPLIANCES.

Their theory has been reduced to practice for TEN YEARS, in a great variety of places, business and conditions, and they have secured to Life and Property, while in their care perfect IMMUNITY FROM INJURY. They stand sleepless guardians, in unimpaired vigor, always ready to ward off danger, and prevent disaster ensuing from accidents; and their action is INSTANTANEOUS AND SURE.

In building, the best materials are invariably used, and put together in the best manner by competent workmen, under vigilant supervision, in one extensive *Factory* at *Yonkers, N. Y.* No device is neglected or omitted which can ensure durability. Every Elevator is as perfect in itself as it can be made. But, knowing that the very best machines must fail at some time, and will probably fail at a most critical moment, and without warning, we superadd our *Safety Appliances*. Unobtrusively they work on, laying up a daily store of DEEDS, not barren claims, earning the approbation of ALL who use them. Ropes may break and working parts fail, but the car or platform is

ALWAYS SAFE.

All our work guaranteed as represented. We invite comparison of cost or maintenance, running expenses and safety with any competing Elevator made. Reference to any machine built by us, especially to those in

WESTMINSTER HOTEL.

(ON THE EUROPEAN PLAN.)

Corner 16th st. and Irving Place,

One Block from Broadway and Union Square.

NEW YORK.

The location of this Hotel is one of the most central, yet quiet and retired, in the city. All the principal Theaters and places of amusement, and all the prominent Retail Stores, are within a radius of half-a-mile of the Hotel. The house contains all modern improvements, is one of the most elegant and comfortable in New York, and is largely patronized by the distinguished literary and diplomatic celebrities of the day. Charles Dickens, Wilkie Collins, and other distinguished men, made this house their home during their stay in the city. Its cuisine enjoys an unrivaled reputation, and its appointments are in every respect of the most perfect character. Prices no higher than at other first-class Hotels. Horse cars to all parts of the city pass within one block of the Hotel.
